Doug Jeffery

Curriculum Vitae

of

Douglas John Jeffery

doug@dougjeff.co.za

Director of Doug Jeffery Environmental Consultants (Pty) Ltd.

Director of Cape Environmental Impact Assessment Practitioners (Pty) Ltd.

Professional Summary

Having worked extensively throughout South Africa as a professional botanist and co-ordinating Environmental Impact Assessments (EIAs), Doug's experience in EIAs ranges from limited studies to extensive and detailed assessments involving full public participation and detailed specialist studies. He has compiled numerous environmental management plans for the construction phases of development projects and operational environmental management plans for projects after construction.

During a lengthy involvement with the Botanical Society of South Africa as Chairman of the Flora Conservation Committee, as a member of the Society Council and as Chairman of the Botanical Society of South Africa for seven years, Doug has a good understanding of the workings of Non-Government Conservation Organisations (NGOs) and Government and their concerns regarding environmental issues.

Doug Jeffery Environmental Consultants was established in 1986 as a firm specialising in Botanical Assessments and Environmental Impact Assessments.

In early 2006, **Cape Environmental Assessment Practitioners (Pty) Ltd.** (Cape EAPrac) was formed with Doug as Director. Cape EAPrac is based in the Southern Cape.
